

COVID-19 UPDATE 23rd MARCH 2020

Grosvenor Billingham have with immediate effect instigated a company-wide, 'home working' policy for all personnel at our Cobham, Claygate, Hinchley Wood and Woking offices.

This decision has been made on the very clear grounds of the welfare and health of our people and that of our clientele and the wider public. It was the only realistic, responsible decision to take and in line with clear government advice to stay at home. We love selling and renting property but we recognise that property professionals are not 'key workers'.

Each office will re-open normally when it is deemed safe to do so. In the meantime, we'll be working diligently behind the scenes to ensure we remain at the heart of the communities we'll continue to serve.

If any of our clients need to contact any of our individual offices during this period, please just call us on the usual landline number; you'll probably immediately connect with a member of our team but if not then leave a voicemail and we'll respond quickly and as appropriate.

Thank you from the Directors and team here at Grosvenor Billingham, both for your valued and continued support of our business and for your understanding and co-operation with this policy.
